

## WE SEE THEIR POTENTIAL. PARENTS GUIDE TO APPRENTICESHIPS

### WHY CHOOSE AN APPRENTICESHIP?

Young people are increasingly choosing apprenticeships as a way of developing their skills and furthering their careers.

Apprenticeships are an excellent way for young people to develop their career, earning while they learn and gaining real life experience in their chosen sector. With so many apprenticeships available, there will be a course suitable for your child and their chosen career path.

### WHAT IS AN APPRENTICESHIP?

Apprenticeships provide practical training in a job with study. They provide people with the start they need to progress within their chosen career, enabling learners to obtain a qualification whilst they work and earn a wage. Apprenticeships are nationally recognised programmes designed by industry to provide those who have left full-time education with the practical skills and knowledge for the workplace.

### TYPES OF APPRENTICESHIP

Babcock works with a wide range of high profile clients in the automotive industry. We support our apprentices from initial recruitment right through until successful completion and into the start of their careers.

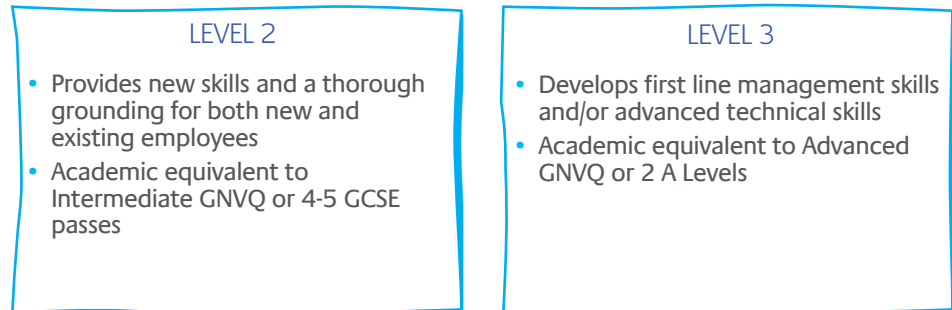

### WE OFFER APPRENTICESHIPS IN THE FOLLOWING SPECIALISMS:

- Service Technician
- Service Advisor
- Parts Advisor
- Parts Sales Executive
- Sales Advisor
- Paint Technician
- Panel Technical
- Mechanical, Electrical and Trim Technician
- Motorcycle Technician

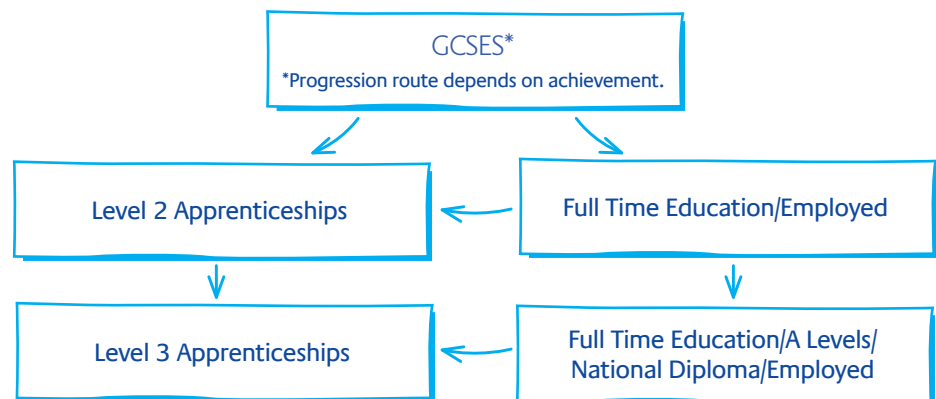

\*Apprenticeship specialisms vary according to brand.

APPRENTICESHIPS ARE AVAILABLE AT THE FOLLOWING LEVELS:

LEARNER PROGRESSION PATHS

BENEFITS OF APPRENTICESHIPS

- After finishing, the majority of apprentices (90%) stay in employment (including 2% self-employed), with seven in ten (71%) staying with the same employer
- A quarter of former apprentices had been promoted (23%) within 12 months of finishing
- 89% of apprentices are satisfied with their apprenticeship; 85% of apprentices said their ability to do the job had improved, and 83% of apprentices said their career prospects had improved
- On average, individuals with an advanced apprenticeship earn between £77,000 and £117,000 more over their lifetime than similar individuals with Level 2 qualifications
