

# Port Babcock Rosyth Safety Plan for Marine Operations Port Marine Safety Plan FM(R)-PLAN-004

Revision: 5.0 – 12<sup>th</sup> June 2024 Prepared by: Richard Johnston

### 1.0 Introduction

Port Babcock Rosyth (PBR), as part of the Babcock International Group, places responsible safety and security management at the core of our activities, ensuring a safe environment for all those who work in or visit the Port. As a Statutory Harbour Authority (SHA), we are committed to ensuring compliance with the Ports and Marine Facilities Safety Code (PMSC) and publishing this Marine Safety Plan for marine operations in the Port.

The plan covers the period of: 01 January 2024 – 31 December 2026.

Our Marine Safety Plan is published to confirm our commitment to ensuring safe and effective management and regulation of marine operations, as well as continuously developing and improving our safety and environmental management culture and performance.

PBR commits to managing and regulating marine operations, including safe navigation, within the scope of its powers and authorities. Our primary goal is to safeguard the port infrastructure, users of the port, including members of the public, and the marine environment.

To achieve this, PBR will:

- Provide efficient and effective services for both commercial and naval vessel movements in the port
- Ensure safe and prompt transit of all vessels
- Recognise our Duty of Care as a Statutory Harbour, ensuring the safe use of the facility and conserving its resources
- Prioritise the safety of our personnel, customers, and vessels, even if it means delaying services or vessel movements to maintain overall marine safety standards

In times of disruption, PBR will always put safety first, ensuring that services and vessel movements are managed in a way that minimises risks to life and the marine environment.

### 2.0 Safety Plan Elements / Objectives

PBR has published several Marine Policies and Plans in support of the management and regulation of marine operations within its Statutory Harbour. These strategic policies are embedded in our Marine Safety Management System (MSMS) and are approved by the Duty Holder under the PMSC.

To ensure safe and effective management of marine operations, we will:

- Provide efficient and effective services for both commercial and naval vessel movements in the port
- Ensure safe and prompt transit of all vessels
- Continuously develop and improve our safety and environmental management culture and performance
- · Regard the safety of our personnel, customers, and vessels as a priority

To achieve this, we will:

- Undertake regular reviews of identified hazards to navigation and associated risk control measures to mitigate risks to 'as low as reasonably practicable' (ALARP) and within tolerable thresholds.
- · Conduct dedicated risk assessments of new and existing marine operations and services
- Investigate all reported navigational and environmental incidents
- Maintain a comprehensive management system
- · Conduct regular external audits and reviews of our MSMS
- Provide comprehensive training and qualifications in compliance with applicable legislative requirements
- Exercise site emergency response procedures, including oil spill management

Number	Provision / Activity	Objective	By 31st December	Measure	Date Achieved
	Duty Holder	Duty Holder to have received training the role and responsibility under the Code in the last three years	2024		
1			2025	100% of Duty Holders Trained	
			2026		
	Designated Person	External Audit completed annual at the port	2024		June 2024
			2025	Annual	
2			2026		
2		Report to the Duty Holder quarterly on the performance of the MSMS	2024		
			2025	Quarterly & annually Reports	
			2026		
	Legislation	Review legal duties and powers at least once every three years	2024		
3			2025	Three years	
			2026		
	Duties and Powers	MAIB Reportable Incidents: make all reports to the MAIB within 24 hrs, with investigation followed up	2024	24 hrs initial Report,	
			2025	investigation sent at incident close	
			2026		
4		Incident investigation: close out all incidents on Synergi in accordance with defined procedures and closed out within an agreed timeframe	2024		
			2025	close out incidents in accordance with Timescales set on Synergi	
			2026

Number	Provision / Activity	Objective	By 31st December	Measure	Date Achieved
		Hydrographic Survey	2024	Surveys Conducted and	
		publish within target	2025	submitted within one month of	
		timescale	2026	survey date	
		All Marine Risk Assessments to be in-date	2024		
5	Risk Assessment		2025	100% in date	
			2026		
		The Marine Management Team will undertake a formal review of all marine policies on a three-yearly basis	2024		
			2025	Three years	
_			2026		
6	MSMS	The MSMS will be reviewed annually (or following any significant industry changes)	2024		
			2025	Annual	
			2026		
7	7 Review and Audit	Review MSMS on an annual basis. Complete internal audits as per site Risk Register (generally on a quarterly basis)	2024		
			2025	Annual and quarterly for internal audits	
			2026		
		Ensure staff with marine safety responsibilities are trained to undertake their duties	2024		
8	Competence		2025	100% of Mandatory training completed	
			2026	35,	
		Publish a three yearly 'Marine Safety Plan' (this plan) and make it available on the Babcock Website	2024		
	Plan		2025	Published and in Date	
			2026		
9		Publish an assessment of the organisation's performance against the last period plan	2024		
			2025	Published review	
			2026		
	Aids to Navigation	Three-year performance	2024	Cat 1 = 99.8%	
10			2025	Cat 2 = 99.0%	
			2026	Cat 3 = 97.0%	

## 3.0 Last Period Plan Performance Review

As a Statutory Harbour, PBR seeks to continuously improve the Harbour Authority's compliance with the requirements of the PMSC, and reduce all foreseeable risks associated with port operations to a point considered to be 'as lowest as reasonably practicable' (ALARP). The following table lays out the last period performance against the previous period's plan: 01 January 2021 to 31 December 2023.

Number	Provision / Activity	Objective	By 31st December	Measure	Date Achieved
1	Duty Holder	Duty Holder to have received training the role and responsibility under the Code in the last three years	2021	100% of Duty Holders Trained	Mar-21
			2022		Mar-22
			2023		Mar-23
2	Designated Person	External Audit completed annual at	2021	Annual	COVID
		the port	2022	Annual	Mar-22

Telephone +44 (0) 1383 412131 www.babcock.co.uk

Number	Provision / Activity	Objective	By 31st December	Measure	Date Achieved
			2023		Mar-23
			2021		Mar-21
		Report to the Duty Holder quarterly on the performance of the MSMS	2022	Quarterly & annually	Mar-22
		on the performance of the MSMS	2023		Mar-23
3			2021	Three years	Mar-21
	Legislation	Review legal duties and powers at least once every three years	2022		Mar-22
		least office every tiffee years	2023		Mar-23
			2021	24 hrs initial Report, investigation sent at	Mar-21
		MAIB Reportable Incidents: make all reports to the MAIB within 24 hrs,	2022		Mar-22
		with investigation followed up	2023	incident close	Mar-23
		Incident investigation: close out all	2021	close out incidents in	Mar-21
4	Duties and Powers	incidents on Synergi in accordance with defined procedures and closed	2022	accordance with	Mar-22
		out within an agreed timeframe	2023	Timescales set on Synergi	Mar-23
			2021	Surveys Conducted and submitted within one month of survey date	Mar-21
		Hydrographic Survey publish within	2022		Mar-22
		target timescale	2023		Mar-23
5	Risk Assessment		2021		Mar-21
		All Marine Risk Assessments to be indate	2022	100% in date	Mar-22
			2023		Mar-23
		The Marine Management Team will	2021	Three years	Mar-21
		undertake a formal review of all	2022		Mar-22
6	MSMS	marine policies on a three-yearly basis	2023		Mar-23
			2021	Annual	Mar-21
		The MSMS will be reviewed annually (or following any significant industry	2022		Mar-22
		changes)	2023		Mar-23
		Review MSMS on an annual basis.	2021	Annual and quarterly	Mar-21
7	Review and Audit	Complete internal audits as per site	2022		Mar-22
		Risk Register (generally on a quarterly basis)	2023	for internal audits	Mar-23
			2021	100% of Mandatory training completed	Mar-21
8	Competence	Ensure staff with marine safety responsibilities are trained to	2022		Mar-22
		undertake their duties	2023	training completed	Mar-23
			2021	Published and in Date	Mar-21
9		Publish a three yearly 'Marine Safety	2022		Mar-22
		Plan' (this plan)	2023		Mar-23
	Plan		2021	Published review	Mar-21
		Publish an assessment of the organisation's performance against	2022		Mar-22
		the last period plan	2023		Mar-23
			2021	Cat 1 = 99.8% Cat 2 = 99.0%	Mar-21
10	Aids to Navigation	Three-year performance meets or	2022		Mar-22
10	. 0	exceed AtoN performance threshold	2023	Cat 3 = 97.0%	Mar-23
